

**CLEAN ENERGY EXPO**

**A S I A**

# ENERGY FOR THE FUTURE

18 - 20 November  
**2009**

**Shangri-La Hotel, Singapore**

In partnership with

Part of

Held in

Jointly organized by

# clean energy expo asia

The Asia Pacific region is experiencing rapid growth in the demand for energy and energy services to fuel its economic development. As a result, the greater use of energy and higher energy efficiency are becoming increasingly critical issues for the whole region. Governments in all of Asia Pacific are strengthening their policies to promote renewable energy sources and usage, thus creating enormous opportunities for industry players.

Clean Energy Expo Asia recognizes this need by creating a unique trading and knowledge-sharing platform for the clean energy industry in Asia Pacific. The Trade Fair and Conference bring together the leading players in the Technology, Services, Finance and Government sector to address key issues in the area of renewable energy, energy efficiency and sustainable development in the Asia Pacific region.

## Who should exhibit

### Solar Energy

Production Equipment  
Components  
PV Projects and System Integrators  
Solar Lighting Products

### Energy Efficiency

Sustainable Production and Distribution  
New technological Solutions  
Efficiency in Construction  
Efficiency in Transport and Sustainable Mobility  
Sustainable Production and Distribution

### Biomass Energy

Biomass Cogeneration Technology & Equipment  
Biomass Gasification Technology  
Biomass Burning Technology  
Biomass Briquette Technology  
Biomass Energy Forestry Cultivation

### Geothermal Energy

Direct Use Technology & Equipment  
Geothermal Heat Pumps  
Power Generation  
Power Plant Design & Construction

## Who you will meet

### By Industry

Power / Energy Companies  
Oil / Coal Companies  
Energy Investors  
Energy Crop Farm Owners  
Plant developers  
Suppliers / Component Manufacturer  
Universities and Research Institutions  
Government agencies / Policy Makers  
Media

### By Country

Australia  
Indonesia  
Japan  
Malaysia  
New Zealand  
Pacific Islands  
Philippines  
Singapore  
Thailand  
Vietnam

## What to expect

### Holistic and comprehensive platform

The exhibition within Clean Energy Expo Asia focuses on the expected dynamic growth in the regional clean energy sectors of solar energy, energy efficiency, biomass and geothermal. It provides a unique platform for the sourcing and trading of clean energy technologies, services and financing.

The conference program featured within Clean Energy Expo Asia will cover financing opportunities and market trends, legislation and policies, as well as technological innovation, with a focus on solar energy, energy efficiency, biomass and geothermal.

### Extensive international outreach

Clean Energy Expo Asia leverages on the strength of Koelnmesse's carbon market events in Europe, USA and Asia, and clean energy events in China to reach out to the international clean energy community.

### Strong support from the industry

International and local partners such as the Asian Development Bank (ADB), the Sustainable Energy Association of Singapore (SEAS), Singapore Tourism Board (STB), Economic Development Board (EDB), Solar Energy Research Institute of Singapore (SERIS), Energy Market Authority (EMA), National Environment Agency (NEA) are supporting the event.

### Singapore's strategic position as a regional energy hub

Clean Energy Expo Asia will capitalize on Singapore's role as a regional energy and technology hub, as well as a trade, services and finance centre in Southeast Asia reaching out to the regional markets and players. Its excellent infrastructure and business environment, and strong regulatory framework for finance and legal services make it an attractive location for this annual gathering of the clean energy community.

Opportunities for

# sponsorship

Lanyards  
Badges  
Handphone Charging Station  
Internet Kiosk

Rates of

# participation

Space Only (Min. 18 sqm)

EUR 250 / SQM

- Premium Exhibiting Space at Clean Energy Expo Asia 2009
- Company Contact Details Entry in Catalog
- Short Company Profile / Product Description in Catalog
- Company Logo in Catalog
- Customized electronic direct mailer catered for your use (Minimum 48sqm)
- One complimentary 1-day Conference Pass valued at EUR 250

Standard Shell Scheme (Min. 9sqm)

EUR 300 / SQM

- Standard Modular Shell Scheme Booth & Furniture at Clean Energy Expo Asia 2009
- Company Contact Details Entry in Catalog
- Short Company Profile / Product Description in Catalog
- Company Logo in Catalog
- One complimentary 1-day Conference Pass valued at EUR 250

## About Koelnmesse

Koelnmesse is one of the world's largest trade fair organizers and our international trade fairs are widely acknowledged as global leaders in their fields. With over 70 successful international trade fairs a year, we have the experience and resources to build extraordinary communication platforms to help you find the right business partner.

Thanks to our network of 12 subsidiaries and foreign representatives in 80 countries, Koelnmesse is firmly anchored in the global economy's key markets. No matter where you are in the world, we energize your business.
