## Registration form

The Gold Standard Academy in Geneva is an intensive 2 day workshop from March 24th-25th with an option for a 15 minute private consultation on the 26th. The programme focuses on building your business with the Gold Standard brand and how to apply for project certification. As an exclusive and highly focused event, the Academy also offers a unique networking opportunity.

Participants are invited to contribute to the agenda as we intend to tailor these two days to the real needs of the GS community. The workshop structure is interactive – a working agenda will be posted on the website as the event nears.

At the Academy, our goal is to receive your feedback and suggestions for strengthening the GS brand while clarifying our rules and processes for you.

## Participation

What do you hope to gain by attending the Academy?

---

---

Would you like to speak about your experiences with The Gold Standard?

Please provide topic suggestions. Unfortunately, not all requests can be honored.

yes

no

---

The Gold Standard Academy will include a “Rule Clarification” session, an interactive workshop whereby project developers and carbon firms can voice their concerns over ambiguous rules and help us make them cleaner.

In preparation, we are editing (not changing) the GSv2 toolkit and requirements. Please indicate which rules you find confusing, or other procedures that lack transparency.

---

---

---

Would you like to sign up for a one on one consultation with The Gold Standard, Thursday 26th March?

First come first serve.

yes

no

---

We are currently seeking sponsors for “academy-ships” for participants from developing countries.  
Kindly indicate below if your firm would like to be a sponsor, or if you wish to be considered for an academy-ship.
