

Are you an innovative energy service provider, have you promoted energy services in a remarkable way or have you been successful in implementing an energy service project? Then apply now for the European Energy Service Award 2008!

We are searching for Europe's Best...

...Energy Service Provider

...Energy Service Promoter

...Energy Service Projects in the
Public, Commercial
and Lighting Sector

The application form and award criteria are available at
www.energy-service-initiative.net

Extended application deadline: 10 November 2008, 10 a.m.

The European Energy Service Initiative was launched in 2005 to provide a promotional platform for energy services in Europe. Its principal aim is to increase awareness on the options and opportunities of energy services especially for energy efficiency. The award is part of this initiative and helps bring energy services into the centre of attention.

The European Energy Service Award honours outstanding efforts and achievements for the development and success of energy services for energy efficiency in Europe.

**The award ceremony will take place in the frame of the
European Union Sustainable Energy Week (EUSEW).**

EUSEW: 9 to 13 February 2009, Brussels
