LONG-FORM AUDIT REPORT ON THE
FINANCIAL STATEMENTS AS OF 31 MARCH 2012
(TRANSLATION)

1. Engagement and Performance

In a letter dated 1 February 2012 we were engaged to audit the financial statements as of 31 March 2012 of Partnerschaft für erneuerbare Energie und Energieeffizienz (REEEP) - Renewable Energy and Energy Efficiency Partnership (REEEP), Vienna, (hereinafter referred to as the “Association”) and to issue a report thereon. Prior to our appointment as auditor, we issued a declaration on our independence pursuant to Section 270 UGB.

The Association is a large corporation pursuant to Section 22 VerG (Austrian Association Act). This audit is statutory pursuant to Section 22 VerG and Section 268 UGB (Austrian Commercial Code).

Responsible for the proper performance of the engagement is Mr. Johannes Mörtl, Austrian Certified Public Accountant.

The objective of the audit was to examine compliance with legal requirements and with the additional provisions of the Association’s articles of association.

In performing the audit, we adhered to the applicable legal provisions and the relevant expert opinions and standards. We draw attention to the fact that the audit provides adequate assurance as to whether the financial statements are free from material misstatement. Absolute assurance cannot be achieved, since the possibility of errors is inherent in each accounting and internal control system and since the audit is based on samples, there is an unavoidable risk that material misstatements in the financial statements are not detected. The accounting, the records, inventory listings, as well as the financial statements as of 31 March 2012 provided by the Association served as the basis for our audit.
We performed the audit, with interruptions, from April to May 2012 at the Association’s premises in Vienna. The audit was concluded by the date of this report.

Our audit is based on the audit contract concluded with the Association, an integral part of which are the General Conditions of Contract for the Public Accounting Professions (“AAB”) issued by the Austrian Chamber of Public Accountants and Tax Advisors on 8 March 2000, last amended on 21 February 2011 (refer to Appendix 2). These General Conditions of Contract do not only apply between the Association and the auditor, but also towards third parties. Section 275 UGB applies with regard to our responsibility and liability as auditor towards the Association and towards third parties.

2.3. Economic Situation

The association generated contributions of EUR 2,814k (previous year: EUR 4,764k) and an annual profit of EUR 433k (previous year: EUR 70k) for the fiscal year 2011/12. This induces an increase of the association's equity to EUR 2,341 (previous year: EUR 1,908k). The future activities of the association essentially depend on the continuous granting of contributions of its members.
3. Notes on and Disclosure of Material Items in the Financial Statements

All required disclosures of material items in the balance sheet and income statement are included in the notes to the financial statements. We therefore refer you to the related disclosures by the Governing Board in the notes to the financial statements.
4. Audit Summary

In performing our audit, we established the compliance with statutory provisions and generally accepted accounting principles.

Under our risk and control oriented audit approach, we included in the audit - where we considered it necessary for our audit report - the internal controls in parts of the accounting process.

With regard to the legal compliance of the financial statements, we refer to our comments in the auditor's report.

4.2. Information Provided

We were allowed to inspect the Association’s documents, contracts and correspondence. All the information required was provided by the management board and by the respective operative employees. A letter of representation signed by the management board has been included in our working papers.

4.3. Statement on Matters Pursuant to Section 273 (2) and (3) UGB

In performing our duties as auditor, we have not discovered any facts that might endanger the audited association’s position as a going concern or adversely affect its future development, nor that would constitute a serious breach of the law or of the Association’s articles of association by management or employees. Material weaknesses in the internal control of the accounting process have not come to our attention. The criteria for assuming a reorganization requirement (Section 22 (1) No. 1 URG (Austrian Reorganization Act)) are not met.
We draw attention to the fact that the English translation of this auditor’s report according to Section 274 of the Austrian Commercial Code (UGB) is presented for the convenience of the reader only and that the German wording is the only legally binding version.

5. Auditor’s Report

We have audited the accompanying financial statements including the accounting system of Partnerschaft für erneuerbare Energie und Energieeffizienz (REEEP) - Renewable Energy and Energy Efficiency Partnership (REEEP), Vienna, for the fiscal year from 1 April 2011 to 31 March 2012. These financial statements comprise the balance sheet as of 31 March 2012, the income statement for the fiscal year ended 31 March 2012, and the notes.

Management’s Responsibility for the Financial Statements and for the Accounting System

The Association’s management is responsible for the accounting system and for the preparation and fair presentation of these financial statements in accordance with Austrian Generally Accepted Accounting Principles. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor’s Responsibility and Description of Type and Scope of the Statutory Audit

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with laws and regulations applicable in Austria and Austrian Standards on Auditing. Those standards require that we comply with professional guidelines and that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. Accordingly, the audit covered compliance with Sections 21 (2) and 22 (2) VerG (Austrian Association Act).

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

Our audit did not give rise to any objections. In our opinion, which is based on the results of our audit, the financial statements comply with legal requirements and give a true and fair view of the financial position of the Association as of 31 March 2012 and of its financial performance for the fiscal year from 1 April 2011 to 31 March 2012 in accordance with Austrian Generally Accepted Accounting Principles. The funds were used in accordance with the statutes.

A management report was not prepared in accordance with Section 22 (2) VerG.

1. GENERAL INFORMATION

The financial statements as at 31 March 2012 of Partnerschaft für erneuerbare Energie und Energieeffizienz (REEEP) - Renewable Energy and Energy Efficiency Partnership (REEEP) (hereinafter referred to briefly as “REEEP”) were prepared in accordance with the provisions of § 22 of the Austrian Associations Act in conjunction with the Austrian Commercial Code in their respectively valid versions. The principles of proper book-keeping, as well as the general requirement, i.e. to present as fairly as possible all material aspects of the assets, as well as the financial and revenue position, were applied.

The generally recognized principles were applied to reporting and valuation. In this connection, the principles of proper accounting, as codified in § 201 (2) of the Austrian Commercial Code were observed, as well as the provisions on structure and valuation for balance-sheets and profit-and-loss statements of § 189 to § 216 and § 222 to § 235 of the Austrian Commercial Code.

The going-concern principle was applied to the valuation of the Association, as well as the unit-account method of valuation for assets and debts. The principle of prudence was observed by taking account of all identifiable risks and threatening losses. Only the gains realized on the reporting date were shown.

The income statement was drawn up in keeping with the “total cost”-type of short-term results accounting.

An EDP program by RZA was used to prepare the financial statements.
2. REPORTING AND VALUATION METHODS

2.1. Fixed assets

Intangible fixed assets are shown in the financial statements at their initial costs, plus ancillary costs of acquisition, minus scheduled depreciation. Straight-line depreciation was applied to scheduled depreciation, on the basis of customary periods of service life.

Accounts receivable exclusively comprise binding pledges of contributions.

Bank balances in foreign currencies are shown at the initial exchange rate or the lower foreign-currency buying rate at the reporting date.

According to instructions, REEEP is to use both the trust property managed for the Foreign and Commonwealth Office (UK) and for the Department of the Environment, Heritage and Local Government (Ireland) for the purchase of CO₂ certificates on behalf of the respective trustor.
NOTES TO THE FINANCIAL STATEMENTS AS AT 31 MARCH 2012

The value of the Irish trust property includes funds for 2007/08 and 2009. REEEP already signed a contract for the purchase of CO₂ certificates on behalf of the respective trustor, payments were made beginning with July 2011, the last one will take place in December 2012. The contract for 2010 has already been fulfilled completely.

The interest liabilities in connection with the Norwegian Foreign Office and AUSAid refer to income from accrued interest for Norwegian and/or Australian project credits which will be taken into account during the next round of projects if the donors agree.

All liabilities have a remaining term of less than one year.

3.6.2. Commitments from the use of tangible assets not shown in the balance-sheet

Commitments in the amount of EUR 40,131.00 for the coming business year result from the existing rental agreement. The termination period is 3 months. The commitments amount to EUR 200,655.00, extrapolated for the next 5 years.
NOTES TO THE FINANCIAL STATEMENTS AS AT 31 MARCH 2012

4. STRUCTURE OF PROFIT-AND-LOSS ACCOUNT

4.1. Non-earmarked contributions

Non-earmarked contributions are entered as revenues in their full amount upon receipt and serve to cover general expenses in connection with maintaining the network during the business year.

4.2. Earmarked contributions

Earmarked contributions: | 2011/12 EUR | 2010/11 EUR |
---|---|---|
Project-related contributions | 2,349,378.05 | 3,449,395.54 |
Cost Refund for Regional Secretariats | 208,029.25 | 895,734.00 |
Refund of expenses for the management of regional projects | 171,674.13 | 339,820.67 |
Sum total | **2,729,081.43** | **4,684,950.21** |

Project-related contributions are entered as revenues, as soon as there are project-related expenses that can be attributed directly. This item included EUR 249,393.88 for expenses in connection with the regule project, as well as EUR 58,056.33 which relate to the Energy Efficiency Coalition. To the extent that no project-related expenses have been incurred, the corresponding project-related contributions are shown under “liabilities on account of earmarked funds”.

Refunds of expenses for regional projects depend directly on the amount of project-related contributions and cover the costs connected with the selection and management of projects. The contributions are recorded, with effect on the result, over the full term of a given project (including the project selection period). Accordingly, in the business year, 23 % of the refunds for the administrative expenses of ongoing 7th call projects and 30 % of 8th call projects are recorded with effect on the result. The cost refunds that have not as yet had any effect on the result are shown under “liabilities on account of earmarked funds.”

General Conditions of Contract for the Public Accounting Professions (AAB 2011)

Preamble and General Points

(1) The General Conditions of Contract for the professions in the field of public accounting are divided into four sections: Section I deals with contracts for services, excluding contracts concerning bookkeeping, payroll accounting and administration and assessment of payroll-related taxes and contributions; Section II deals with contracts for rendering services in the field of bookkeeping, payroll accounting and administration and assessment of taxes and contributions; Section III covers contracts not regarded as contracts for the rendering of services, while Section IV is devoted to consumer business covered by the Austrian Consumer Act.

(2) In the event that individual provisions of these General Conditions of Contract are void, this shall not affect the validity of the remaining provisions. The invalid provision shall be replaced by a valid provision that is as close as possible to the desired objective.

(3) The person entitled to exercise profession in the field of public accounting shall be obliged to render the services negotiated in accordance with the principles of due professional care and conduct. He/she shall have the right to engage suitable staff for the execution of the contract. This shall apply to all sections of the General Conditions of Contract.

(4) Finally, foreign law shall only be taken into account by the person entitled to exercise the profession, if this has been explicitly agreed upon in writing. This shall apply to all sections of the General Conditions of Contract.

(5) The work prepared in the offices of the person entitled to exercise the profession may, at the discretion of the person entitled to exercise the profession, be carried out with or without using electronic data processing. In case electronic data processing is used, the client – not the person entitled to exercise the profession – is obliged to effect the registrations or notifications required under the relevant provisions of the Data Protection Act.

(6) The client undertakes not to employ staff of the person entitled to exercise the profession during and within one year after termination of the contractual relationship, either in his/her company or in an associated company, failing which he/she shall be obliged to pay the person entitled to exercise the profession the amount of the annual salary of the employee taken over.

SECTION I

1. Scope

(1) The General Conditions of Contract in Section I shall apply to contracts concerning (statutory and voluntary) audits with or without auditor’s certificate, expert opinions, court expert opinions, preparation of annual financial statements and other financial statements, tax consultancy and other services to be rendered within the framework of a contract for the rendering of services, excluding bookkeeping, payroll accounting and the administration and assessment of payroll-related taxes and contributions.

(2) The General Conditions of Contract shall apply, if their use has been explicitly or tacitly agreed upon. Furthermore, in the absence of another agreement, they shall be used for reference to facilitate interpretation.

(3) Point 8 shall also apply to third parties whose services, in certain cases, may be enlisted by the contractor for the execution of the contract.

2. Scope and Execution of Contract

(1) Reference shall be made to Items 3 and 4 of the Preamble.

(2) Should the legal situation change subsequent to delivering a final professional statement passed on by the client orally or in writing, the person entitled to exercise the profession shall not be obliged to inform the client of changes or of the consequences thereof. This shall also apply to the completed parts of a contract.

(3) An application submitted by the person entitled to exercise the profession to an authority (e.g. tax office, social security institution) by electronic means, shall be regarded as neither signed by the person entitled to exercise the profession nor by the person authorized to submit such an application.

3. Client’s Obligation to Provide Information and Submit Complete Set of Documents

(1) The client shall make sure that all documents required for the execution of the contract are placed in good time and without special request at the disposal of the person entitled to exercise the profession and that he/she be informed of all events and circumstances which may be of significance for the execution of the contract. This shall also apply to documents, events and circumstances which become known only after the person entitled to exercise the profession has commenced his/her work.

(2) The client shall confirm in writing that all documents submitted, all information provided and explanations given in the context of audits, expert opinions and expert services are complete. This statement may be made on the forms specifically designed for this purpose.

(3) If the client fails to disclose considerable risks in connection with the preparation of annual financial statements and other statements, the contractor shall not be obliged to render any compensation in this respect.

4. Maintenance of Independence

(1) The client shall be obliged to take all measures to make sure that the independence of the employees of the person entitled to exercise the profession be maintained and shall refrain from jeopardizing their independence in any way. In particular, this shall apply to offers of employment and to offers to accept contracts on their own account.

(2) The client consents that their personal details, meaning their name and the type and scope of the services, including the performance period, agreed between the professional practitioner and the client (both audit and non-audit services), shall be handled within the Information network (network), to which the professional practitioner belongs, and for this purpose transferred to the other members of the Information network (network) including abroad (a list of all recipients of communications shall be sent to the client at their request by the commissioned professional practitioner) for the purpose of examination of the existence of grounds of bias or grounds for exclusion within the meaning of Sections 271 et seq. of the Company Code (UGB). For this purpose the client expressly releases the professional practitioner in accordance with the Data Protection Act and in accordance with Section 91 Subsection 4 Clause 2 of the Auditing, Tax Advising and Related Professions Act (WTBG) from their obligation to maintain secrecy. Moreover, the client acknowledges in this regard that in states which are not EU members a lower level of data protection than in the EU may prevail. The client can revoke this consent at any time in writing to the professional practitioner.

5. Reporting Requirements

(1) In the absence of an agreement to the contrary, a written report shall be drawn up in the case of audits and expert opinions.
6. Protection of Intellectual Property of the Person Entitled to Exercise the Profession

(1) The client shall be obliged to ensure that reports, expert opinions, organizational plans, drafts, drawings, calculations and the like, issued by the person entitled to exercise the profession, be used only for the purpose specified in the contract (e.g. pursuant to Section 44 Para. 3 Austrian Income Tax Act 1988). Furthermore, professional statements passed on by the client orally or in writing made by the person entitled to exercise the profession may be passed on to a third party for use only with the written consent of the person entitled to exercise the profession.

(2) The use of professional statements passed on by the client orally or in writing made by the person entitled to exercise the profession for promotional purposes shall not be permitted. A violation of this provision shall give the person entitled to exercise the profession the right to terminate without notice to the client all contracts not yet executed.

(3) The person entitled to exercise the profession shall retain the copyright on his/her work. Permission to use the work shall be subject to the written consent by the person entitled to exercise the profession.

7. Correction of Errors

(1) The person entitled to exercise the profession shall have the right and shall be obliged to correct all errors and inaccuracies in his/her professional statement passed on by the client orally or in writing which subsequently come to light and shall be obliged to inform the client thereof without delay. He/she shall also have the right to inform a third party acquainted with the original statement of the change.

(2) The client has the right to have all errors corrected free of charge, if the contractor can be held responsible for them; this right will expire six months after completion of the services rendered by the person entitled to exercise the profession and/or – in cases where a written statement has not been delivered – six months after the person entitled to exercise the profession has completed the work that gives cause to complaint.

(3) If the contractor fails to correct errors which have come to light, the client shall have the right to demand a reduction in price. The extent to which additional claims for damages can be asserted is stipulated under Point 8.

8. Liability

(1) The person entitled to exercise the profession shall only be liable for violating intentionally or by gross negligence the contractual duties and obligations entered into.

(2) In cases of gross negligence, the maximum liability for damages due from the appointed person entitled to exercise the profession is tenfold the minimum insurance sum of the professional liability insurance according to Section 11 of the Act on Professions in the Field of Public Accounting (WTBG) in the currently valid version.

(3) Any action for damages may only be brought within six months after those entitled to assert a claim have gained knowledge of the damage, but not later than three years after the occurrence of the primary loss following the incident upon which the claim is based, unless other statutory limitation periods are laid down in other legal provisions.

(4) Should Section 275 of the Austrian Business Enterprise Code (Commercial Code) (UmgG) be not mandatorily applicable, the liability provisions pursuant to Section 275 shall apply where these represent mandatory law, even in cases where several persons have participated in the execution of the contract or where several activities requiring compensation have taken place, irrespective of whether other participants have acted with intent.

(5) In cases where a formal audit certificate is issued, the applicable limitation period shall commence at the latest at the time of issue of said audit certificate.

(6) If activities are carried out by enlisting the services of a third party, e.g. a data-processing company, and the client is informed thereof, any warranty claims and claims for damages which arise against the third party according to law and in accordance with the conditions of the third party, shall be deemed as having been passed on to the client. The person entitled to exercise the profession shall only be liable for fault in choosing the third party.

(7) The person entitled to exercise the profession shall not be liable to a third party, if his/her professional statements are passed on by the client orally or in writing without the approval or knowledge of the person entitled to exercise the profession.

(8) The above provisions shall apply not only vis-à-vis the client but also vis-à-vis third parties, if the person entitled to exercise the profession, in exceptional cases, should be liable for his/her work. In any case, a third party cannot raise any claims that go beyond any claim raised by the client. The maximum sum of liability shall be valid only once for all parties injured, including the compensation claims of the client, even if several persons (the client and a third party or several third parties) have been wronged; the claims of the aggrieved parties shall be satisfied in the order in which the claims have been raised.

9. Secrecy, Data Protection

(1) According to Section 91 WTBG the person entitled to exercise the profession shall be obliged to maintain secrecy in all matters that become known to him/her in connection with his work for the client, unless the client releases him/her from this duty or he/she is bound by law to deliver a statement.

(2) The person entitled to exercise the profession shall be permitted to hand on reports, expert opinions and other written statements pertaining to the results of his/her services to third parties only with the permission of the client, unless he/she is required to do so by law.

(3) The person entitled to exercise the profession is authorized to process personal data entrusted to him/her within the framework of the purpose of the contract or to have them processed by a third party according to Point 8 item 6. The person entitled to exercise the profession shall guarantee that according to Section 15 of the Data Protection Act secrecy be maintained. According to Section 11 of the Data Protection Act the material made available to the person entitled to exercise the profession (data carrier, data, control numbers, analyses and programs) as well as all results obtained as a result of the work provided shall be returned to the client, unless the client has requested in writing that the material and/or results be transferred to a third party. The person entitled to exercise the profession shall be obliged to take measures to ensure that the client can meet his/her obligation to provide information according to Section 26 of the Data Protection Act. The client’s instructions required for this purpose shall be given in writing to the person entitled to exercise the profession. Unless a fee has been negotiated for providing such information, the client shall be charged only the actual efforts undertaken. The client shall meet his/her obligation to provide information to those concerned and/or to register in the data processing register, unless the contrary has been explicitly agreed in writing.

10. Termination

(1) Unless otherwise agreed in writing or stipulated by force of law, either contractual partner shall have the right to terminate the contract at any time with immediate effect. The fee shall be calculated according to Point 12.

(2) However, a continuing agreement (even with a flat fee) – always to be presumed in case of doubt – may, without good reason (cf. Section 88 item 4 UmgG), only be terminated at the end of the calendar month by observing a period of notice of three months, unless otherwise agreed in writing.
(3) Except for cases listed in item 5, in case of termination of a continuing agreement only those tasks shall be part of the list of jobs to be completed and finished that can be completed fully or to the largest part within the period of notice, with financial statements and annual income tax returns being deemed to be subject to successful completion within two months and the balance sheet data. In case the above-mentioned tasks actually have to be completed within a reasonable period of time, if all documents and records required are provided without delay and no good reason within the meaning of Section 88 Paragraph 4 WTGB is cited.

(4) In case of a termination according to item 2 the client shall be informed in writing within one month which assignments at the time of termination are considered to be part of the work to be completed.

(5) If the client is not informed within this period about the assignments still to be carried out, the continuing agreement shall be deemed terminated upon completion of the tasks under way at the date when the notice of termination is served.

(6) Should it happen that in case of a continuing agreement as defined under items 2 and 3 – for whatever reason – more than two similar jobs which are usually completed only once a year (e.g. financial statements or annual tax returns etc.) are to be completed, any such jobs exceeding this number shall be regarded as assignments to be completed only with the client’s explicit consent. If applicable, the client shall be informed of this explicitly in the statement pursuant to item 4.

11. Default in Acceptance and Failure to Cooperate on the part of the Client

If the client defaults on acceptance of the services rendered by the person entitled to exercise the profession or fails to carry out a task incumbent on him/her either according to Point 3 or imposed on him/her in another way, the person entitled to exercise the profession shall have the right to terminate the contract without prior notice. His/her fees shall be calculated according to Point 12. Default in acceptance or failure to cooperate on the part of the client shall also justify a claim for compensation made by the person entitled to exercise the profession for the extra time and labor hereby expended as well as for the damage caused, if the person entitled to exercise the profession does not invoke his/her right to terminate the contract.

12. Entitlement to Fee

(1) If the contract fails to be executed (e.g. due to termination), the person entitled to exercise the profession shall be entitled to the negotiated fee, provided he/she was prepared to render the services and was prevented from doing so by circumstances caused by the client (Section 1168 of the Civil Code (ABGB)); in this case the person entitled to exercise the profession need not deduct the amount he/she obtained or could have obtained through alternative use of his/her own professional services or those of his/her employees.

(2) If the client fails to cooperate and the assignment cannot be carried out because of lack of cooperation, person entitled to exercise the profession shall also have the right to set a reasonable grace period on the understanding that, if this grace period expires without results, the contract shall be deemed cancelled and the consequences indicated in item 1 shall apply.

(3) If the person entitled to exercise the profession terminates the contract without good reason and at an inopportune moment, he/she shall compensate the client for the damage caused according to Point 8.

(4) If the client – having been made aware of the legal situation – agrees that the person entitled to exercise the profession duly completes the task, the work shall be completed accordingly.

13. Fee

(1) Unless the parties agree that the services would be rendered free of charge or unless explicitly stipulated otherwise, an appropriate remuneration in accordance with Sections 1004 and 1120 of the Austrian Civil Code (ABGB) is due. Unless a different agreement has demonstrably been reached, payments by the client shall in all cases be credited against the oldest debts. For remunerations the person entitled to exercise the profession is based upon an agreement concluded between him/her and the principal involved.

(2) Proper understanding between the person entitled to exercise the profession and their principals is most effectively achieved by clearly expressed remuneration agreements.

(3) The smallest service unit which may be charged is a quarter of an hour.

(4) Travel time to the extent required is also charged in most cases.

(5) Study of documents which, in terms of their nature and extent, may prove necessary for preparation of the person entitled to exercise the profession in his/her own office may also be charged as a special item.

(6) Should a remuneration already agreed upon prove inadequate as a result from the subsequent occurrence of special circumstances or special requirements of the principal, additional negotiations for the agreement of a more suitable remuneration are usual. This also usually applies where inadequate fixed sum remunerations are concerned.

(7) Persons entitled to exercise the profession also include charges for supplementary costs and value-added (turnover) tax in addition to the above.

(8) Supplementary costs also include documented or flat-rate cash expenses, travelling expenses (first class for train journeys, sleeping car (wagen lit) if necessary, dietary requirements, mileage allowance, photocopy costs and similar supplementary costs.

(9) Should particular third party liabilities be involved, the necessary insurance premiums also count as supplementary costs.

(10) Personnel and material expenses for the preparation of reports, expertises and similar documents are also viewed as supplementary costs.

(11) For the execution of a commission wherein mutual conclusion involves several persons entitled to exercise the profession, each of the latter will charge his/her own remuneration.

(12) Remunerations and advance payments required are due immediately after receipt of their written claim in no consideration of whether they exist. Where payments of remuneration are made later than 14 days after the due date, default interest may be charged. Where mutual business transactions are concerned, a default interest rate of 8% above the base rate is agreed upon (Cl, Section 352 of the Austrian Business Enterprise Code (Commercial Code, UGB)).

(13) Time limitation is in accordance with Section 1486 of the Austrian Civil Code (ABGB), starting at the time of conclusion of the service involved or a later rendering of accounts after an appropriate time-limit.

(14) An objection may be raised in writing against bills presented by the appointed trustee up to 4 weeks after the date of presentation. Otherwise the bill is considered as accepted. Filing of a bill in the accounting system of the recipient is also considered as acceptance.

(15) Application of § 934 ABGB (Austrian Civil Code) within the meaning of § 351 Austrian Business Enterprise Code (Commercial Code, UGB), i.e. rescission for lassio enormis (lesion beyond money) among entrepreneurs, is hereby renounced.

(1) In addition to the reasonable rate or fee charged, the person entitled to exercise the profession shall have the right to claim reimbursement of expenses. He/she can ask for advance payments and can make delivery of the results of his/her (continued) work dependent on satisfactory fulfillment of his/her demands. In this context reference shall be made to the legal right of retention (Section 471 of the Civil Code (ABGB), Section 369 of the Austrian Business Enterprise Code (Commercial Code, UGB)). If the right of retention is wrongly exercised, the person entitled to exercise the profession shall be liable only in case of gross negligence up to the outstanding amount of his/her fee. As regards standing orders, the provision of further services may be denied until payment of previous services has been effected. This shall analogously apply if services are rendered in instalments and fee instalments are outstanding.

(2) After all the data to be archived, which has been prepared by the public accountant and tax advisor, has been delivered to the client or to the succeeding public accountant and tax advisor, the person entitled to exercise the profession shall be entitled to delete the data in question.

(3) With the exception of obvious essential errors, a complaint concerning the work of the person entitled to exercise the profession shall not justify the retention of remuneration owed in accordance with item 1.

(4) Objecting the remuneration claims made by the person entitled to exercise the profession in accordance with item 1 shall only be permitted, if the demands are uncontested and legally valid.

(5) At the request and expense of the client, the person entitled to exercise the profession shall hand over all documents received from the client within the scope of his/her activities. However, this shall not apply to correspondence between the person entitled to exercise the profession and his/her client, to original documents in his/ her possession or to
documents which have to be kept in accordance with the directive on money laundering. The person entitled to exercise the profession may make or retain copies or duplicates of the documents to be returned to the client. The client shall be obliged to bear these expenses in so far as these copies or duplicates may be required as a proof of the orderly execution of all professional duties by the person entitled to exercise the profession.

(6) In the event of termination of the contract, the contractor shall be entitled to charge an appropriate fee for further queries after termination of the contract and for granting access to the relevant information about the audited company.

(7) The client shall fetch the documents handed over to the person entitled to exercise the profession within three months after the work has been completed. If the client fails to do so, the person entitled to exercise the profession shall have the right to return them to the client at the cost of the client or to charge a late payment charge, if the person entitled to exercise the profession can prove that he/she has asked the client twice to pick up the documents handed over.

(8) The person entitled to exercise the profession shall have the right to compensation of any fees that are due by use of any available deposited funds, clearing balances, trust funds or other liquid resources at his/her disposal even if these funds are explicitly intended for safekeeping, if the client had to reckon with a counterclaim of the person entitled to exercise the profession.

(9) To safeguard an existing or future fee payable, the person entitled to exercise the profession shall have the right to transfer a balance held by the client with the tax office or another balance held by the client in connection with charges and contributions, to a trust account. In this case the client shall be informed about the transfer. Subsequently, the amount secured may be collected either after agreement has been reached with the client or after enforceability by execution has been declared.

15. Applicable Law, Place of Performance, Jurisdiction

(1) The contract, its execution and the claims resulting from it shall be exclusively governed by Austrian law.

(2) The place of performance shall be the place of business of the person entitled to exercise the profession.

(3) In case of disputes, the court of the place of performance shall be the competent court.

16. Supplementary Provisions for Audits

(1) For statutory audits of financial statements which are carried out in order to issue a formal audit certificate (e.g. Section 288 and the following sections of the Company Code), the purpose of the contract, unless otherwise agreed to in writing, shall not be to investigate whether regulations concerning tax laws or specific regulations, e.g. price fixing, restriction of competition and foreign exchange regulations have been adhered to. Neither shall the purpose of the statutory audit of financial statements be to investigate whether the business is run in an economical, efficient and expedient manner. Within the framework of a statutory audit of a financial statement there shall be no obligation to detect the falsification of accounts or other irregularities.

(2) When a qualified or unqualified audit certificate is issued within the scope of a statutory audit of the annual financial statement, the audit certificate issued shall be appropriate for the respective type of business organization.

(3) If financial statements are published together with the audit certificate, they shall only be published in the form confirmed or explicitly permitted by the auditor.

However, he/she is obliged to inform the client of any errors identified by him/her. The client shall present the person entitled to exercise the profession with all important documents required for keeping deadlines, in particular tax assessment notices, in good time so as to ensure that the person entitled to exercise the profession has a reasonable amount of time, but not less than one week, to process the information.

SECTION IV

30. Scope

The Conditions of Contract of Section IV shall only apply to consumer business in accordance with the Consumer Act (Federal Law of March 8, 1979/Federal Law Gazette No. 140 am added).

31. Supplementary Provisions for Consumer Transactions

(1) Contracts between persons entitled to exercise the profession and consumers shall fall under the obligatory provisions of the Consumer Act.

(2) The person entitled to exercise the profession shall only be liable for the deliberate and gross negligent violation of the obligations assumed.

(3) Contrary to the limitation laid down in Point 8 item 2 of the General Conditions of Contract, the duty to compensate on the part of the person entitled to exercise the profession shall not be limited in case of gross negligence.

(4) Point 8 item 3 of the General Conditions of Contract (asserting claims for damages within a certain period) shall not apply.

(5) Right of Withdrawal according to Section 3 of the Consumer Protection Act

If the consumer has not made his/her contract statement in the office usually used by the person entitled to exercise his/her profession, he/she may withdraw from the contract application or the contract proper. This withdrawal may be declared until the contract has been concluded or within one week after its conclusion; the period commences as soon as a
document has been handed over to the consumer which contains at least
the name and the address of the person entitled to exercise the profession
as well as instructions on the right to revoke the contract, but no earlier
than the conclusion of the contract.

The consumer shall not have the right to withdraw from the contract,

1. if the consumer himself/herself established the business
   relationship concerning the conclusion of this contract with the person
   entitled to exercise the profession or his/her agent,

2. if the conclusion of the contract has not been preceded by
   any talks between the parties involved or their agents or

3. in case of contracts where the mutual services have to be
   provided immediately, if the contracts are usually concluded outside the
   offices of the persons entitled to exercise the profession, and the fee
   agreed upon does not exceed €15.

In order to become legally effective, the revocation shall be declared in
writing. It is sufficient if the consumer returns a document that contains
his/her contract declaration or that of the person entitled to exercise the
profession to the person entitled to exercise the profession with a note
which reveals that the consumer rejects the conclusion or the
maintenance of the contract. It is sufficient if this declaration is dispatched
within a week.

If the consumer withdraws from the contract according to Section 3 of the
Consumer Act,

1. the person entitled to exercise the profession shall return all
   benefits received, including all statutory interest, calculated from the day of
   receipt, and to compensate the consumer for all necessary and useful
   expenses incurred in this matter,

2. the consumer shall pay for the value of the services
   rendered by the person entitled to exercise the profession as far as they
   are of a clear and predominant benefit to him/her.

According to Section 4 Paragraph 3 of the Consumer Act claims for
damages shall remain unaffected.

(6) Cost Estimates according to Section 5 of the Consumer Act

The consumer shall pay for the preparation of a cost estimate in
accordance with Section 1170a of the Austrian Civil Code by the person
entitled to exercise the profession only, if this payment obligation has
been notified to the consumer beforehand.

If the contract is based on a cost estimate prepared by the person entitled
to exercise the profession, its correctness shall be deemed warranted as
long as the opposite has not been explicitly declared.

(7) Correction of Errors: Supplement to Point 7

If the person entitled to exercise the profession is obliged according to
Section 932 of the Austrian Civil Code to improve or complement his/her
services, he/she shall execute this duty at the place where the matter was
transferred to him/her. If it is in the interest of the consumer to have the
work and the documents returned by the person entitled to exercise the
profession, the consumer may carry out this transfer at his/her own risk
and expense.

(8) Jurisdiction: Instead of Point 15 Item 3:

If the domicile or the usual residence of the consumer is within the
country or if he/she is employed within the country, in case of an action
against him/her according to Sections 88, 89, 90 Paragraph 2 and 104
Paragraph 1 JN the jurisdiction of a court shall depend on the district
where the consumer has his domicile, usual residence or place of
employment.

(9) Contracts on Recurring Services

(a) Contracts which oblige the person entitled to exercise the
    profession to render services and the consumer to effect repeated
    payments and which have been concluded for an indefinite period or a
    period exceeding one year, may be terminated by the consumer at the end
    of the first year, and after the first year at the end of every six months, by
    adhering to a two-month period of notice.

(b) If the total work is regarded as a service that cannot be
    divided on account of its character, the extent and price of which is
    determined already at the conclusion of the contract, the first date
    of termination may be postponed until the second year has expired. In case
    of such contracts the period of notice may be extended to a maximum of
    six months.
